Hello Community!

If you haven't met us yet, our main satisfaction is serving our community of Senior's with connection, friendship, and having FUN with activities and special events.

Our Club committees have kept us entertained, informed, and active since the start of 2020. Membership is growing in size and strength!. Due to the current situation, most of our March calendar has been cancelled. To keep our members safe, all meet ups and events were cancelled until further notice. Be assured we will return with more fun up our sleeves!

Staying connected with peer support is important for everyone at times like this, especially our Senior population. Club volunteers have come together to make a weekly "Well-Check" call to every member until we are in the clear. We also have our own Group Face Book Page now, where we can share photos, have discussions, and keep members engaged. Sorry, no peeking allowed unless you are a member!

We are all in this together folks, so let's do our part to stop the spread and look out for one another along the way. Keep well! **Cher.**

The fascia sign on the front our Community Centre Now has a new plate which features our 55+ Club. It has replaced the Boys & Girls Club plate since they have left our premises.

The staff and Board of North East Family Connections are hoping everyone is staying safe and healthy. The COVID-19 Pandemic is a real threat to our families and friends. This needs to be taken seriously. As many of you may know, the building we have our main office in - Falconridge/Castleridge Community Building - is closed to the public due to the pandemic. We have not been to work because of this; until now. Beginning Tuesday April 14, we will be working out of Russet Court location #704-2631-38th St NE.

Please call for an appointment as it is imperative that we follow AHS protocol when seeing clients, and you will not be able to just walk in. The phone number is **587-617-8514**. LEAVE A CLEAR MESSAGE AND PHONE NUMBER PLEASE. We won't have all the client files, so this is very important.

This DOES NOT INCLUDE JASVIR OR SHAGUFTA.

Thank you Sue Holt

Residential Traffic Safety Unit

Over the last three years the Calgary Police Service has developed a new unit to specifically address Residential Traffic Safety. This unit has been presenting to each Ward in the City to both provide and to solicit information on "problem areas" throughout the City to allow more specific and targeted visibility and enforcement. This unit is specifically interested in Residential TRAFFIC issues. The strategy has been:

- Utilize citizen feedback to inform operational response
- Focus on playground zones, pedestrian rich locations and other high risk locations identified through collision data analysis
- Emphasize public awareness and education, and facilitate citizen engagement through Ward Traffic Safety Meetings and to work with City partners to further support traffic calming measures outside enforcement

One of the key tools to help Calgary Police Service monitor and track these issues is the Traffic Service Request (TSR).

IF YOU HAVE A TRAFFIC SAFETY CONCERN:

Go to	www.calgarypolice.ca	
Scroll Down and Click		A TSR form deals with persistent traffic violation(s) that are noted by the public
Then choose (click)	Click here to submit a traffic service request	Please ensure you choose the Traffic Service Request (Green Light)
Confirm that this isnt parking related then choose		Complete the entire report

Please complete as detailed and accurately as possible to assist officers in enforcement.
Please Include directions, times, and any additional information you feel may assist in resolving the issue.
